Dear Messrs. Klein and Boston:

Re: Extension of time for issuance of report addressing findings from groundwater compliance monitoring evaluation at the T and TX/TY Waste Management Areas.

By letter dated December 14, 2001 the United States Department of Energy (USDOE) has requested an extension of time to issue a report to Washington State Department of Ecology (Ecology) that addresses findings from Ecology's December 2000 groundwater monitoring inspection of the T and TX/TY waste management areas. The USDOE has requested an extension until February 15, 2002 to issue the report required in Ecology's November 20, 2001 letter to the USDOE which summarized the inspection findings. Ecology herein grants the extension.

If you have any questions regarding this letter, please contact me at (509) 736-3031.

Sincerely,

Bob Wilson, Compliance Inspector  
Nuclear Waste Program
